HUNTINGTON BEACH, ORANGE COUNTY, CALIFORNIA, FRIDAY, APRIL 5, 1918

Number 30

Community School Fair Will Be Held April 19 and 20

WHO WILL BE ELECTED TO OFFICE MONDAY?

MOST VOTERS ARE SAYING NOTHING.

CANDIDATES ARE CONFIDENT

Thirteen Candidates and But Five Can Be Elected; Close Contest Is Expected Next Monday.

Next Monday, between the hours of 6 a. m. and 7 p. m., April 8, 1918, A. D., the qualified voters of Huntington Beach will pass upon the qualifications and credentials of thirteen candidates seeking public office. Eight of this number aspire to be members of the Board of Trustees, at a salary of \$2.50 per meeting, not to exceed two meetings each month; two for the office of city clerk, with a monthly stipend of \$125; three for city treasurer, at \$25 per month.

It is needless to say that each of these men are in the contest because they want the job for which they have designated, otherwise their names would not be on the tickets that will be passed out next week. The only difference is that some of them want office more than some others do. The candidates for trustee are Trustees Vavra and Huston, Richard Drew, E. E. French, L. M. Lindsley, W. J. Williams, L. T. Young and L. Bingle.

Chas. R. Nutt and J. B. Irwin are the only ones who had to pay real money for the privilege of having their names printed on the ballots, and each of them plunked down the sum of \$10 for the honor, and considered it cheap at that price. The state law calls for a filing fee for candidates for office where the salary is \$600 or more per annum.

All the others had to do was to have some of their friends circulate a petition and secure the signatures of not less than seven and not more than eighteen registered voters.

Running for office is like most everything else—it's a great game if you can beat it, but a punk one if you are among those that happen to be dumped away over towards the rear end of the political scrap-heap.

Voters should elect progressive men to office, and not those who desire to quit doing business to save expenses. It is not believed that a majority of the citizens are ready to elect men to the Board that would favor disincorporation because it would be cheaper to let the county run the community—the same as old sleepy San Juan Capistrano is governed.

There is one of the best foundations laid here for a city that can be found on the Pacific coast, or elsewhere for that matter, and it is no time to talk about retiring from business to save the expense of conducting an up-to-date incorporated city. The men who take an active part in all the civic affairs of the community are the ones who are entitled to hold public office. What can be expected from the man who pays no attention and takes no interest in the affairs that advance the interests of the community? He naturally does not want to assist in the inauguration of any movement that will make Huntington Beach attractive for strangers. He wants to be let alone and continue to dream, and a town like Capistrano is good enough for him.

As stated last week, the candidates are all men of good character, but some of them will make better public officials than others, and the more progressive ones should be elected—that is, unless the voter desires the city to retrograde instead of progress.

The News does not endorse any candidate for election, and believes that the voters are sufficiently well acquainted with the records of the candidates to be able to select the ones who, in their opinion, are the best qualified to hold office.

If the enterprises that have been talked of in Newport Beach materialize, there is much in store for Huntington Beach in the next few years, and good, progressive men are required to be in charge of city affairs, and not those whose only object in view would be to save expenses re-

gardless of how the progress of the city was affected.

Some citizens are talking of the expensive street improvements having been imposed upon the property owners. These improvements have been one of the best investments ever made, and no street has been improved except where petitions have been filed with the Board, asking for the work, regardless of what some may say. The proof is on file in the city clerk's office.

It is not expected that any more streets, other than the ones now under way, will be improved while the war continues.

The candidates for city treasurer are C. E. Lavering, cashier of the First National Bank, who was elected two years ago and has rendered efficient service; Judge W. D. Seely, an old-time real estate and insurance dealer; and I. C. Warner, a well-known building contractor. Mr. Lavering and Mr. Seely were business partners for six years.

Mr. Nutt has been city clerk for four years, and his work has been highly commended. His opponent, Mr. Irwin, had eleven years of clerical experience in Illinois before coming to Huntington Beach.

Now, the question is, who will be elected next Monday? That's the question that is being asked, but not answered, and cannot be answered, as no one knows. Sixteen Philadelphia lawyers couldn't figure out the five successful men, if they were here and did nothing else every minute of the time.

This appears to be one of the times when voters decline to express an opinion as to who will be elected, consequently not enough information can be obtained upon which an estimate can be based.

Beware of the candidate who tells you a rumor about his opponent to get your vote, as he is no better than the man who attempts to bribe you with money. The principle is the same, although some voters may not think so at the time.

Voters should try and remember the candidates who have told them that their opponents were backed by certain interests for the sole purpose of gaining votes for themselves. Such candidates are dangerous men, as they are character assassins, and should not be trusted with public business. There is not a candidate on the ticket but what, if elected, will honestly serve the public in the best way he knows how. Some of them are more capable than others, and that is the only difference.

NEW PASTOR FOR THE CHRISTIAN CHURCH.

REV. FARLEY HAS ACCEPTED A CALL.

Rev. Floyd Farley of Burbank has accepted a call to the pastorate of the Christian church.

The new pastor is a young man with a promising future. He will reside for the present with Mr. and Mrs. Lawrence E. Worthy, on Sixth street, and a reception will be arranged complimentary to him in a few days.

PATRIOTIC EXERCISES IN SANTA ANA, SATURDAY.

THE LIBERTY BOYS FROM CAMP KEARNY.

There will be patriotic exercises in Santa Ana, Saturday afternoon from 2 till 4 o'clock, when a large number of the Liberty boys from Camp Kearny will be in the parade. The boys of Company L, 160th U. S. Infantry and Orange county members of Battery D, 144th Field Artillery, the California "Grizzlies."

Other units of the parade will include the G. A. R., W. R. C. and D. of V., the Santa Ana Home Guards, Boy Scouts, etc.

NO MORE CEREALS CAN BE RETURNED TO GROCERS.

There is a rule in effect now that no one can return damaged cereals to the grocer and obtain credit for them. It has been found that some consumers kept cereal substitutes until they spoiled and then returned them to the stores, and the recent order is the result. The Government officials desire that those who purchase substitutes use them.

THIRD LIBERTY LOAN TO START SATURDAY

COMMITTEE MEETING HELD MONDAY.

THOSE WHO CAN MUST BUY

Every Person Will Be Interviewed and a Record Will Be Made of Those Who Decline To Purchase.

The drive for funds for the Third Liberty Loan will open Saturday morning, April 6th, being the first anniversary of the declaration of war on Germany by the United States.

There was a meeting of the Liberty Loan committee, the publicity committee and woman's auxiliary committee—of which Judge Copeland, R. L. Obarr and Mrs. C. C. Newland are the chairmen—in the directors' room of the First National Bank, Monday afternoon.

R. L. Bisby of Santa Ana, chairman of the Orange county committee, was present and outlined the proposed campaign to those present in his usual sledge-hammer fashion. He stated that the allotment for this district would be about the same as was subscribed for the second loan, which was \$33,500.

The terms of payment for the new loan will be slightly altered in one particular, the initial payment being raised to 5 per cent of the purchase price. This is to be paid when the order for the bonds is placed. When the prior loans were sold the payment was but two per cent, but some of those who signed up for bonds failed to make the final payments and the banks were left with the bonds on their hands. It is believed that if the buyer pays 5 per cent to start with he will complete his obligation to the Government.

Those Who Can Afford Must Buy.

The time has now arrived when every citizen who can afford to buy bonds must buy them. The man who is loaning his money at 8 per cent and has not done his part in financing the two prior loans will be checked up and made to realize that he must assist the Government that is affording him protection.

A record will be made of every person who fails to buy bonds, and checks will be made upon them to ascertain whether they can afford to buy bonds.

Of course, no one is expected to buy a bond unless they can afford to do so without serious inconvenience. However, if it is found that any have declined to take bonds who can easily afford to do so, they will be given an opportunity to state why they refuse to lend financial aid to their Government at this critical time. The financial slacker may be more harshly dealt with than the one who attempts to evade military duty, as he is making no sacrifice whatever when buying bonds, as he is getting the best security in the world, which will pay him 4½ per cent interest.

There were present at the meeting C. A. Johnson, general manager of the western factories of the Holly Sugar Corporation; E. R. Bradbury and Geo. W. Moore of Wintersburg; J. G. Parsons of Talbert; Leonard Obarr, Wm. C. O'Connor, Judge Copeland, Mrs. C. C. Newland. T. B. Talbert was late in arriving on account of being in Santa Ana.

Mr. Johnson will look after the factory district; Mr. Bradbury and Mr. Moore, the Wintersburg section; Mr. Parsons, the Talbert territory, and Mr. O'Connor that section of the city east of Delaware avenue and south of the Newland road, and the portion of the valley opposite.

R. E. Larter was not present, but had previously agreed to take charge of Westminster.

These men will appoint as many assistants as required.

Mrs. C. C. Newland has general supervision of the entire district in the matter of interesting the women in the campaign, and that section of the city north of the Newland road and east of Delaware avenue.

T. B. Talbert will have charge of the business district, including Fifth street; Mrs. S. L. Blodgett from Sixth

to Eleventh streets, inclusive, and Trustee R. H. Chapin the territory west of Eleventh street.

FRIENDS AND NEIGHBORS:

Eleven years ago, in the month of March, I came to this city with my family to make a home among you, and you all know me. My wife and I always took an active part in everything that we thought was for the best interest of Huntington Beach, until other duties compelled my wife to forego such activities.

I was clerk of the Board of Trustees of the Union High school for five years, until my own affairs made it necessary to resign.

I have been your City Clerk for the past four years, and the Board of Trustees and others with whom I have had business have been kind enough to say that I have made good. I have surely tried to treat everyone who desired my services as I would have wished to be treated.

Now, I am again asking for re-election. I need the job, for I am trying to buy a home here; but I am not asking for your votes if you do not think I have made good. I want the position on my merits alone, and you are to be the judges at the election next Monday.

Kindly weigh the matter in your minds, and I will abide by your decision, with no unkind feelings toward anyone.

CHAS. R. NUTT.

THERE IS NO LONGER ANY OLD TIME HERE.

ONE WOMAN SET HER CLOCK AT TWO A. M.

There is no longer "any old time" in Huntington Beach. Everybody has complied with the new law, and have almost forgotten about having turned the hands of their time-pieces ahead one hour Saturday night or Sunday morning.

There is one woman in Huntington Beach who is strictly law-abiding, and that one is Mrs. E. E. French, who set her alarm clock Saturday night for 2 o'clock so she could make the adjustment according to law.

Most everyone is pleased with the change, and the chances appear to be that the law will be a permanent one, as the change is probably an improvement for everybody except the ranchers, who usually work from daylight till dark through their busy seasons; therefore Congress could not pass a law that would save any daylight for them.

Had the president advised citizens to retire at 9 and arise at 5 o'clock, the chances are that few would have paid any attention to the request, but when the time is changed, everybody finds it very convenient to do so—that is, those who require eight hours rest. There are many persons who do not sleep one-third of their time, and appear to enjoy life fully as well as those who do.

REGULAR MEETING OF THE CITY TRUSTEES.

LITTLE BUSINESS OF IMPORTANCE TRANSACTED.

The last regular meeting of the city trustees as the board is now constituted was held Monday night. President Tarbox was absent, and Trustee Huston was elected president pro tem. Trustees Vavra, Chapin and Decker were present, as were Clerk Nutt, City Manager Spencer and Attorney Nelson.

Mr. Spencer reported that leaks had been found that accounted for about \$200 per month of the gas leaks. He also reported that he was holding up the starting of the improvement of Ocean avenue from First street to the city limits until a meeting of representatives of this city, Newport Beach and Laguna Beach could be held, and endeavor to have Supervisor Leck to use some of the funds which are supposed to be used on the coast road, between Newport and Laguna, for the section between Huntington Beach and Newport.

The next meeting of the Board will be Monday evening, April 15th, when the election returns will be canvassed and the new members given their seats at the trustees' table.

The monthly bills were allowed, on motion by Trustee Decker, seconded by Trustee Chapin.

SCHOOL ELECTION

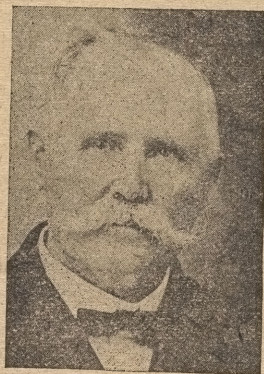

VERY QUIET AFFAIR

NO OPPOSITION APPEARED AT POLLS.

THE PRINCIPALS WILL REMAIN

Mr. and Mrs. W. T. Newland and Dr. S. G. Huff Were Re-elected; Management of Schools Endorsed.

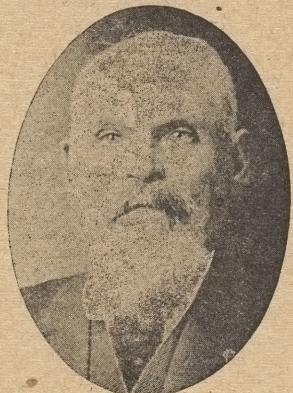

The present management of the public schools was given a flattering endorsement at the polls, Friday afternoon of last week. Mr. and Mrs. W. T. Newland and Dr. S. G. Huff

Dr. S. G. Huff

were all re-elected by practically an unanimous vote, there being but two votes cast against Mrs. Newland and one against Dr. Huff and Mr. Newland, although Mrs. Newland polled more votes than either of the candidates for the High school board.

The vote in Huntington Beach stood: Mrs. Newland, 62; Dr. F. E. Wilson, 1, and J. T. Reed, 1; Mr. Newland, 56, and Dr. Huff, 50. Judge Copeland and Mrs. H. L. Heffner received one vote each for High school trustee. Several voters placed a

W. T. Newland

cross after the name of Mr. Newland only, but did not vote against Dr. Huff, which accounts for the difference in their totals.

There were 65 votes cast, more than had been expected by many, when the fact was considered that there was no opposition to the re-election of those whose names appeared on the ballots.

This endorsement by the voters of the districts makes it certain that

Mrs. W. T. Newland

Principals Brown and Campbell will remain in charge of the schools for another year, which is fortunate for the districts.

The vote in the outside districts for members of the High school board was as follows:

4; Newland, 4. Westminster—Huff, 11; Newland, 11.

Bay City (Seal Beach)—Huff, 9; Newland, 11.

Ocean View (Wintersburg)—Huff, 15; Newland, 11.

Springdale—Huff, 9; Newland, 9.

Totals—Huff, 98; Newland, 105.

HEN LAYS EGGS IN MOVING AUTOMOBILE.

ACCOMPANIES J. K. McDONALD FROM FARM TO TOWN.

There have been some fishy stories published about hens laying eggs in automobiles while moving at a rapid rate of speed, therefore it is doubtful if many of the News readers will believe that a hen accompanied a well-known citizen of this city from a farmhouse.

Tuesday, John Kellie McDonald, the popular secretary of the Pacific Oilcloth & Linoleum Co., drove his automobile out to the ranch home of W. T. Newland, Sr. Mr. Newland was at work in the field some distance from the house, and Mr. McDonald was away from his car some time.

There were some other cars standing in the barnyard, and when Mr. McDonald returned he noticed some lambs under one of them, and looked under his machine to see that there was no stock, taking refuge in the shade, that might be injured when the car was started; but it did not occur to him to look inside. On his return to his office he drove at his usual rate of speed—not exceeding the limit, of course. However, he must have made the turn at Main street and Ocean avenue rather swiftly, as just as he had rounded the curve to drive up to the office, something fluttered by his head. Mr. McDonald was not sure whether it was an enemy aircraft or hostile bomb, and was surprised to find that it was nothing more than a female barnyard fowl; and further inspection revealed the fact that she deposited an egg before deciding to leave the moving vehicle.

Both the hen and egg were on exhibition at Mr. McDonald's office with T. B. Talbert & Co. until Mr. McDonald returned the hen to Mrs. Newland. The fowl was very tame and is evidently a pet that had been accustomed to using one of the various machines that are usually standing around the Newland home for a nest.

As Mr. McDonald is considered one of the most truthful men in Huntington Beach, and the further fact that he had the hen and egg on exhibition, will convince the News readers that there is no odor of fish about this story.

FINE EASTER PROGRAM AT TWO CHURCHES.

BIG ATTENDANCE AT METHODIST AND CHRISTIAN.

The services at the Methodist and Christian churches were largely attended Sunday evening, the occasion being the special Easter Sunday services, which were rendered at each of the churches in a highly entertaining manner.

The programs were given as published in the News last week, and reflected credit upon those taking part in the exercises.

COUNTRY BOYS DESTROY SOME STREET LIGHTS.

Two young men residing in the country north of Huntington Beach went to Los Angeles, Saturday night, to assist in closing the saloons, and arrived on the last car from the city considerably under the influence of Old John Barleycorn.

They walked up Main street and mutilated two small palm trees in the triangular piece of ground at Fifth street, broke 13 of the globes and 65 mantels on the light posts.

When Marshal John Tinsley was notified of the vandalism, he followed what is known in police department circles as a "hunch," and went straight to the homes of the offenders, and they confessed and agreed to pay the damage, which amounted to \$33.50.

The names of the offending boys are withheld out of respect for their parents.

We'll Fix It

If your watch or clock is out of the running, bring it to us. We'll fix it and give it back to you in nearly as good a condition as when it was new.

Watch and clock repairing is one of our hobbies. We are really as particular about having you satisfied with a repair job as we are having you satisfied with the goods you buy from us.

To get the greatest amount of satisfaction out of either a watch or clock, it must be inspected and oiled every year or two—once a year is better.

You wouldn't think of buying a new automobile and then trying to run it without oil; neither should you think of letting your watch or clock run year in and year out without a drop of oil. Better let us look after it for you.

REGULAR MEETING OF THE C. OF C.

THERE WILL BE NO CO-OPERATIVE MARKET.

TWO TEACHERS ARE THANKED

Arranging For the School Fair; Good Road to Newport Mesa; Associated Chambers Here This Month.

The regular monthly meeting of the Chamber of Commerce was held in the library building, Friday evening of last week, and, while the attendance was not as large as at some other meetings, considerable important business was transacted.

Found No Scum On Water.

Dr. Wilson, of the health and sanitation committee, reported that he had inspected the reservoir and found the water in good condition, although it has been reported that there was a heavy green scum over the surface.

Judge Warner reported that there was a balance in the treasury of \$1.87.

There May Be a Deficit.

V. B. Brown, principal of the High school, reported that there may be a deficit to meet at the close of the High school lecture course. However, he thought the lectures had been very successful, even though there may be a loss, as these were strenuous times for money, so much being required for war purposes.

Opposed to Proposed Market.

The special committee appointed at the last meeting to confer with the committee having charge of the proposed co-operative market, reported that it was not thought advisable to attempt to organize such an association, unless the demand for it came from the farmers themselves; and that the farmers on the lowlands grew beets and beans and would not be interested in such an organization. It was further recommended that the county farm advisor be consulted and an effort made to assist the small ranchers on the mesa land. On motion of Dr. Wilson, seconded by F. H. McElfresh, the report was adopted and the committee continued. President French thought it was high time that something was being done to assist the farmers on the mesa tracts, as an abundance of produce could be grown for which a market was required.

Judge Louis A. Copeland stated that there was a man whom he believed would open a produce market in Huntington Beach about May 1st, and that he had talked with the farm advisor and he was willing to assist in organizing what is termed a farmers' unit, of which there will be thirteen in the county, there now being one at Wintersburg.

Arrangements For School Fair.

Mr. Brown reported that arrangements were being made for the school fair, to be held April 19 and 20, and desired to know about how much funds would be available for the occasion.

Mr. McElfresh said he was surprised at the results that had been obtained through the community events, as there were inquiries coming in from various sources.

Secretary John Kellie McDonald read a communication from the Chamber of Commerce of South Pasadena, asking for information about the community events, which indicates that they are of considerably more value than many have imagined they were. Harold H. Campbell, principal of

the Grammar school, stated that he had noticed a beneficial effect in his school work of the community spirit resulting from the community events.

Judge Warner stated that the good to the community could not be measured in dollars and cents, as the great moral and civic influence could not be gauged in that manner.

President French said that present conditions had made the nation a unit, and these events had also made the community a unit, and therefore nothing but beneficial results could be expected to follow. Many people, he said, are now coming to Huntington Beach who had not done so in the past.

On motion of Mr. O'Connor, seconded by Dr. Wilson, the matter of funds was turned over to the finance committee to raise what would be required for the coming event.

President French said he would like to see a service flag raised during the exercises on Memorial Day.

Mr. Campbell asked if it would be possible to have the places of business close for about two hours during the school fair days, and the matter was taken under advisement.

Newport Mesa Road.

Mr. O'Connor reported for the committee having charge of the road to the Newport mesa, saying that work had already started under the direction of Supervisor Talbert. There were 2½ miles of road to be constructed, he said, to complete the coast boulevard between the cities of Newport Beach and Huntington Beach, and he thought a committee should be appointed to keep after the officials until this work was completed.

President French stated that the South Coast Improvement Association had the work well in hand; and, on motion of Mr. O'Connor, the committee that has charge of the work for the South Coast Improvement Association was named to act for the Chamber of Commerce, being H. L. Heffner, E. E. French and J. A. Armitage.

Teachers Thanked for Good Work.

At the suggestion of Mr. O'Connor, Miss Thelma Price and Miss Imogene Pickrell were tendered a vote of thanks for the valuable assistance they rendered at the baby contest, held during the Trade-at-Home Week.

Associated Chambers Here Next.

President French said the next meeting of the Associated Chambers of Commerce would be held in Huntington Beach, and he thought perhaps the ladies of the Red Cross might desire to serve the banquet.

Liberty Loan Drive.

Judge Copeland thought all places of business should be closed for two hours next Saturday, the date of the beginning of the third drive for the sale of Liberty Bonds.

NEWS OF TALBERT & VICINITY

General Topics.

There were some children late at school Monday morning on account of the change in time, some parents not thinking that the school would be opened according to the new time. Mrs. A. F. Swift was re-elected as a member of the school board at the election, Friday of last week, although she had declined to be a candidate for the place. Beet thinning is now the order of the day with those who are growing beets this season. There was probably never a better stand than there is in the fields this year, and the indications are that the yield will be close to, if not, the bumper one since the growing of sugar beets became one of the staple products of this section of the valley. Monday morning about 50 men started work on the property of the Pacific Ranch Company, down in the delta district, where more than 300 acres are being grown, and Foreman B. W. Ellis estimates that about 20 days will be required to complete the work. There is plenty of labor, and the work is progressing very satisfactorily in all directions. The ground is in prime condition for all crops. Those who will grow limas are busy preparing the ground for the seeding time.

SUNRISE SERVICES

WERE WELL ATTENDED.

REV. WILLETS AND REV. McKEE IN CHARGE.

The church services conducted on the outer tee of the pier, Sunday morning, were well attended.

The location was suggested by Rev. Willets, minister of the Baptist church, and, strange as it may appear, it was about the only place that the sun was shining at that early hour.

There was a low fog hanging over the mesa, and some of those who arose early did not suppose there would be any visible sunrise, and were much surprised to find that there was no fog over the pier. The sun was a few minutes tardy in nosing out over the fog bank.

The attendance was much larger than those in charge had imagined it would be.

The services were conducted by Rev. Willets and Rev. R. I. McKee, minister of the Methodist church. R. C. Turner had charge of the music. The Huntington Beach Municipal Band was present and rendered some splendid music. About 300 were present. Rev. Willets read an original poem entitled, "The Good Time Comes."

What Will the Harvest Bring?

On Most Crops One

CAN ONLY GUESS

But the Growers of

Sugar Beets Are Sure

of a HIGH MINIMUM price under our present contract, which bases the price for beets on the price received for sugar, BUT WITH A GUARANTEE that it will be not less than though the sugar brings 7½¢ per pound.

Under this guarantee the price for 18 per cent beets (which is less than the average test of all beets delivered to our factory) will not be less than \$9.00 per ton, and will be higher if sugar brings more than the price named above. THE MINIMUM RETURNS PER ACRE for 18 per cent beets will be as follows on acreage producing from ten to twenty tons:

Yield Per Acre	Minimum Returns for 1918	Increase Per Acre Over Minimum Provided in Previous Contracts
10 tons	\$ 90.00	\$36.00
11 "	99.00	39.60
12 "	108.00	43.20
13 "	117.00	46.80
14 "	126.00	50.40
15 "	135.00	54.00
16 "	144.00	57.60
17 "	153.00	61.20
18 "	162.00	64.80
19 "	171.00	68.40
20 "	180.00	72.00

The increase is 66 $\frac{2}{3}$ %

Copious rains have put fields in ideal condition for preparing seed beds, and land reasonably suitable and properly farmed should yield a highly profitable beet crop.

WEEKLY GREETING.

In all debates, let truth be thy aim; not victory, nor an unjust interest; and endeavor to gain, rather than to expose, thy antagonist.—William Penn.

REGISTER AND BLADE CONSOLIDATION.

The most important event that has transpired in newspaper circles of Southern California for some time was the consolidation of the Santa Ana Register and Blade, or, rather, the purchase of the Blade by the Register Publishing Company. The Blade ceased publication with the issue Saturday evening, and Editor Frank P. Clarkson left Tuesday for his old home in Iowa.

This transfer is not only an important and profitable one for the stockholders of the Register Publishing Company, but is equally as important and profitable for the citizens of the city of Santa Ana. The business men will be able to accomplish the same results in advertising, at a material saving in cost, with but one newspaper in the field. The public will not only be spared the expense of subscribing for two home papers, but also the time necessitated in reading them.

In the past the Register has been one of the best daily papers in the entire country published in a city of like population, and this high standard must be continued in the exclusive territory, otherwise competition would be invited to again enter the field.

So long as the Register is under the present management there is no more need of a second newspaper in Santa Ana than there is of another postoffice.

The News extends congratulations to J. P. Baumgartner, T. E. Stephenson and H. T. Duckett, the three big potatoes in the Orange county newspaper hill, as they now own a newspaper property that any publisher may well feel elated over.

It is doubtful if there is another newspaper man in California, with a paper having a circulation equal to the Register, that enjoys a personal acquaintance with as large a percentage of their subscribers as does Mr. Stephenson.

Members who wish to go to Santa Ana for the Red Cross parade, Saturday, April 6th, are requested to be at Obarr's drug store at 12 o'clock, noon. Please wear Red Cross head dress; also those who can wear white dresses are asked to do so. The headquarters in library building are open daily from 1:30 to 5 p. m. Election of officers Wednesday, April 10th, at 3 p. m. Please be present at this meeting. An invitation is extended to all to help with the work.

TO THE VOTERS OF
HUNTINGTON BEACH:

As to my qualifications for the office of city clerk, for which I am a candidate, I submit the following letter:

La Place, Illinois, March 28, 1918.
This is to certify that I have resided continuously in Piatt county, Illinois, since 1870. I held the office of county clerk of said county eight years—from 1898 to 1906, inclusive.

Twenty years ago I became acquainted with Mr. Jesse B. Irwin. He was at that time postmaster at Cisco, Illinois. On July 11, 1903, I appointed Mr. Irwin my deputy county clerk. When I left the office in November, 1906, and took a place in the public schools at Monticello, my successor in office, Mr. Harvey Fay, retained Mr. Irwin as deputy. Mr. Irwin left the county clerk's office in September, 1911, and moved to California.

I often look back over the three years associated with Mr. Irwin as very happy years. In fact, I often wished that I could be personally associated in business with Mr. Irwin for life—not one jar or word that displayed temper did we ever have.

The office of county clerk is one of the most important if not THE most

Mr. Irwin became fully conversant with the many duties and many details of the office. A new court house was built during our time as officials. All records and files were re-indexed, a large part of this being done personally by Mr. Irwin, as evidenced of record today in the court house at Monticello, Illinois.

No better and no more capable, efficient, careful, painstaking, courteous, congenial and accommodating man, in my opinion, ever served in the court house at Monticello, Illinois.

My wife and I have always maintained a kindly interest in the Irwin family, whom we visited at their home in 1916, and will surely visit them again when we come to the coast. I regret I am not on the coast to vote for Mr. Irwin. He will make good if elected. I hope to hear of his election.

Respectfully submitted,
BENJAMIN F. KAGEY,
Ex-County Clerk of Piatt County, Ill.
J. B. IRWIN,
Candidate for City Clerk, Election
April 8th.

MANY SMILEAGE BOOKS ARE BEING SOLD HERE.

WOMAN'S CLUB MEMBERS DOING GOOD WORK.

Smileage books are going like hot cakes in Huntington Beach and vicinity. At a recent meeting of the Woman's Club, Raymond Grey, manager of the E. K. Wood Lumber Co., took up the matter of the sale of Smileage books.

The result of the conference was the following committee has charge of the work in Huntington Beach and vicinity: Mr. Grey; V. B. Brown, principal of the High school; Mrs. C. A. Johnson, Mrs. W. E. Gerhart and Mrs. T. B. Talbert.

Mr. Grey reported Thursday morning that Mrs. Gerhart, the new president of the Woman's Club, had disposed of 50 books in the country, this being her territory. At the same time Mrs. Johnson and Mrs. Talbert had sold about 30 books together. Mrs. Johnson has charge of the factory district, Mrs. Talbert the city and Mr. Brown the schools.

These Smileage books contain 20 theatre tickets, which are good for admission at any of the Liberty theatres at the various cantonments in the United States, when presented by a soldier.

The cause is a worthy one and these women are to be congratulated upon their success in disposing of so many of the books.

WILL ORGANIZE W. O. W. LODGE IN THIS CITY.

J. D. JONES HAS CHARGE OF THE WORK.

There will soon be a new lodge in Huntington Beach, as J. D. Jones, district deputy for the Woodmen of the World, a fraternal insurance organization, is in the city for that purpose, and he and Mrs. Jones moved into one of the Weinschenk cottages, Wednesday, and they will remain here until the new lodge has been instituted, which will probably be the last of April.

The W. O. W. is one of the best known and substantial of the insurance organizations, and good progress has already been made in securing members.

There are several members of the order here who belong to lodges elsewhere, who have signified their intention of affiliating with the new lodge.

CANDIDATE FRENCH MAKES A STATEMENT.

Editor Huntington Beach News:

If you will permit me space in your paper I wish to correct some reports which seem to be current upon the streets that I am strictly a corporation man.

I am not tied to either corporation or individual. I am a Huntington Beach man, and will be as long as I remain a citizen of Huntington Beach. I have no pre-election promises to make to anyone. I stand now for just what I have always stood for—a clean, economical and progressive city, and I believe in abolishing all unnecessary offices and eliminating all unnecessary expense. I have no personal fight to make against any candidate, and have no time to waste in useless campaign argument; but I am ready at all times to fight for a bigger and better Huntington Beach, and the interest which I have in the prosperity of our citizens, the success of our business men, the investment of capital, and the establishing of industries which will employ our home labor and create a pay roll which will circulate among our citizens, and not fall into the coffers of the merchants of our neighboring cities.

These are the standards which I hope our city will soon attain—and which are only her rightful heritage.

Respectfully yours,

E. E. FRENCH.

MOST of the cash buyers of Huntington Beach and vicinity have learned that it pays to buy at the store where all unnecessary expense has been eliminated.

We buy the goods and place them on our shelves, and the customers wait on themselves and carry the goods home. Therefor it is reasonable that we can sell goods cheaper than where goods are disposed of in the old way.

Those who can afford to do so should buy Liberty bonds, War Savings stamps and Smileage books.

JUDGE COPELAND WAS "FOUR-MINUTE" MAN.

Judge Louis A. Copeland was the "Four-minute" man at the Princess theatre, Saturday, and advised everybody to plant a garden, saying that there were three requisites to win the war for democracy—men, money and food—and every garden helped the food situation.

"THE FIGHTING TRAIL."

Episode 9—"The Bridge of Death."

As he spoke, Gwyn pushed the throttle to the last notch. The pondering engine made the bridge creak beneath it as it tore along at full speed. In the center it seemed for a moment as though the whole structure, with the engine, must hurtle down to the river below, but by a miracle, the bridge held the weight, and the engine emerged safely from the smoke at the other end of the bridge.

"Thank God, we're safe," Gwyn said, relieved. "It was one chance in—"

"Look! Look. Stop." Nan shouted. "The chasm bridge. See? They've blocked the track."

Gwyn peered ahead through the dark of approaching night. Directly in the center of the track he could see a great, dark form loom up at the end of the chasm bridge nearest him. Von Bleck and his men had piled lumber and stones over the track. It was impossible for him to pass, and, if he attempted to break through the blockade, they would be thrown into the gulley to certain death. There was no alternative; Gwyn shut off the throttle and threw on the brakes with a jam. The wheels scraped and the engine slowly and finally stopped. It was within but a few feet of the obstruction. The old cable ferry, which was close enough to be within plain view, was the first thing to attract Gwyn's attention.

"We've got to risk that cable," Gwyn cried to Nan. "If we don't get to town everything is off. Are you willing to try?"

Nan nodded, and Gwyn grabbed the basket. It was rotten, and tore apart at his first pull. Gwyn threw all his weight on the rope. If it was like the basket, there was no hope. But it held! Nan grasped it, also, near Gwyn's hands, and, as they swung out into space, Von Bleck's men could be heard coming up the road toward the engine.

They stopped for a moment to watch the two gliding along the cable, then ran up to the engine. Von Bleck was at their head. As he approached the steaming train, the hatch of the water tank in the back of it slowly opened, and the wet, bedraggled figure of "One-Lung" emerged. He handed Von Bleck some papers which he held in his hand.

"Here are the deeds," he said. "I got them for you, but now you'll have to beat that guy to town and file 'em."

Von Bleck put the papers in his pocket. By this time his men had cleared the track of the obstructions, and they all boarded the engine and began to run across the trestle.

"You'd better be careful," "One-Lung" cautioned. "The water in the tank has run out and we're liable to explode." The driver, however, did not heed his warnings, and drove ahead at full speed.

At the other end of the bridge Nan and Gwyn had landed safely from their perilous ride across the chasm. They were in a quandary as to how to proceed to town, when Causley's automobile, standing where Nan had seen it on her trip to the mine, met their eyes. They jumped into it, and a thrilling race between the engine and the auto began.

For several miles the race continued, until they arrived at a spot where the road was unusually close to the track. A bullet from the engine had punctured one of Gwyn's tires and thrown the car off a balance, but Gwyn, by shooting into the other had overcome this difficulty. The engine was drawing dangerously close to the auto. Nan looked back and screamed a warning, but Gwyn could do no more. He had already been running the car at its highest speed.

Suddenly, as Gwyn was struggling to urge the motor even faster, Nan shrieked. There was a terrific explosion that shook the ground, and the engine was enveloped in smoke. As "One-Lung" had cautioned, the steam in the empty water tank had caused the boiler to blow out, and it seemed, as Nan and Gwyn looked back, as if everyone aboard the engine must be killed.

Gwyn stopped the car with a jerk and whirled in his seat to look back. The force of the explosion had literally torn the engine to bits. A great hole had been blown in the ground, and a cloud of smoke and vapor rose over the scene like a fog. He shuddered, transfixed at the horror of the sight.

It was a matter of humanity now, in spite of the fact that the injured men were their enemies—and deadly enemies. But in moments like this compassion is greater than hate.

Under the cab they found the engineer, dead beside his throttle. They were still searching the wreckage when the whistle of another engine announced the arrival of the sheriff. Von Bleck they found at the foot of the embankment, a very much bruised and battered Von Bleck, but stunned rather than seriously hurt.

"I'm glad he isn't dead," Gwyn told the sheriff, "but I shall have to ask you to put him under arrest before he escapes. He and his confederates have stolen the deeds to the mine!"

Von Bleck started and sat up, the old look of cunning breaking through his stupor. He raised a trembling finger and pointed down the road. "Arrest me?" He laughed. "Don't

there is your car. Gwyn stole it. He is a thief!"

It was a small card, but it took the trick. The sheriff knew his master. "It's true," he said. "Mr. Gwyn, you are under arrest." White with anger at such outrageous treatment, Gwyn sprang forward in vigorous protest, but Nan caught his arm and restrained him with a whispered warning. The explosion, she knew, sounded its own alarm, and help would be on its way from the village.

Help did come, and very soon. The road up the mountain side was dotted with motors and horsemen before the last echo had died, and at the head of the procession came a bright red machine with a strip of flying bunting whipping in the wind behind it. Its radiator was boiling like a kettle when it drew up beside the track. The man at the wheel was "Square Deal" Hogan, a wiry little Irishman who had come to Lost Mine when it was still a municipal infant, and whose standing among the townspeople was won by the fact that he was ready to give each newcomer his hand or his fist, as the conduct and intentions of the visitor might warrant. He took in the situation at a glance.

"What's the trouble?" he asked, stepping forward.

Gwyn started to explain, his audience growing larger every minute as the rescuers arrived. Nan, standing at his side, sought the eye of each friend in the crowd, nodding silent assent. When Gwyn concluded there was a silence. Hogan read the faces about him with growing confidence and walked out to face the sheriff. But Causley, too, had seen the swift rise of suspicion. With a wink to Von Bleck he turned to Gwyn with a smile of conciliation.

"Why didn't you tell me this before?" he said. Then, turning, he almost shouted at the abject Von Bleck. "Stand up, there! Come here. You are under arrest, do you hear?"

Von Bleck rose painfully and was led to the sheriff's machine.

"The sooner he's under lock and key the better!" Causley called back to the crowd, and a moment later the car turned a corner and was gone.

"Very odd, wasn't it?" said Gwyn. "You must have hypnotized him, Hogan. But I don't understand it yet." As the words passed his lips he choked and started. Comprehension swept over his features like a fit of pain, a realization more agonizing than physical torture. Von Bleck had the deeds! Causley had tricked him! The ownership of the mine and all it

meant to the nation would pass into the hands of the enemy!

He fairly dragged Nan and Hogan to the auto, explaining as he went. Hogan, clear-eyed and determined, took the wheel. It was a race for the greatest prize on earth. They swept down the road like a flying projectile, faster and faster, and faster yet, as they struck the downgrade and rushed on. Nan's ears hummed and rang with the pressure of the wind. Gwyn shielded his face with his hands. But Hogan, his eyes narrowed to mere slits, crouched tense and motionless over the wheel.

At the top of a rise they glimpsed the car of the sheriff only half a mile ahead. They were gaining. . . . And then occurred one of those tricks of fate that so often twist our hopes. A little thing it was—only a woodcutter felling a tree. But both cars were on the same stretch when the final stroke went home, and the great oak began to fall across the road. It was a desperate chance, but Von Bleck was desperate enough to meet it.

"Drive on," he commanded. "More speed!" And Causley's car shot out from the swiftly descending shadow as the tree crashed to the ground.

Hogan's brakes were grinding fire as he drew up with a jolt that almost threw the occupants from the car.

They had escaped death by the merest fraction, but danger meant nothing now. The heavy tree lay like a prostrate giant across the path. Sick with the sense of defeat, Gwyn watched the approach of the other cars that had followed from the wreck. Then came a horseman—two of them. It was a fighting chance at least. The riders had hardly dismounted before Nan and Gwyn were in the saddles, picking their way over and between the broken foliage, and then dashing on up the road. But the first glimpse they had of the commissioner's office was all too convincing that their race had been in vain. The sheriff's car, with Von Bleck grinning from the tonneau, was just rolling off down the street, and Causley himself stood in the doorway.

DOUGLAS FAIRBANKS HERE NEXT WEDNESDAY NIGHT

"An Alabaster Box" Will Be
Shown Saturday.

"THE FIGHTING TRAIL" AGAIN
SUNDAY NIGHT.

Saturday Night.

Alice Joyce and Marc MacDermott
in "An Alabaster Box."

For eighteen years, Brookville had simply existed. Nothing unusual ever happened to disturb its village calm. Time merely passed—and with its passing came but one thing—a deeper, more intense hatred of Andrew Bolton, whose defalcation at the Brookville bank had ruined the village.

But one day Lydia Orr, a stranger, slipped quietly into Brookville, and within a few days had bought the old Bolton estate—run down and deserted while its former owner was serving his long prison term.

The villagers could not believe it "natural" that a young woman who could not tell her whole history should squander money without some hidden—and perhaps improper—motive. Despite her sweetness, her charm, Brookville regarded her with distrust.

And then—like a thunderbolt on a sunny day—came the great, unexpected crisis—the crisis in the life of Lydia Orr—in the history of Brookville—in the broken career of Andrew Bolton, just released from prison.

A big Vitagraph riot comedy, "Worries and Wobbles," completes the bill. Second show starts at 9:10.

Sunday Night.

Running your automobile into an "L" pillar or into a truck or another car may spell excitement for some folks. But how about shooting over an eighty-foot embankment into a roaring river? That's just what William Duncan and Carol Holloway do in the ninth episode of "The Fighting Trail." Greater Vitagraph's premier serial of adventure which appears in the Princess theatre Sunday night.

These two screen stars, driving a mile-a-minute from the bullets of a band of outlaws, are swung from the trail by the breaking of the steering gear, and the car, crashing through a clump of trees, pitches into the San Ynez River, near Santa Barbara.

A Vitagraph riot squad in "When Women Go On the Warpath, or When Jonesville Went Dry;" "How States Are Made," and the Pathe Weekly.

Second show starts at 9:10.

Wednesday Night.

"In Again, Out Again," with Douglas Fairbanks.

Behind the majestic Hudson, in New Jersey, lives Teddy Rutherford, a red-blooded youth of metropolitan ideas and a vigorous exponent of preparedness. Before the natives realize it, the community becomes the very hive of munition manufacturers and behind many rural walls immense quantities of powder are being prepared for the nation's defense.

In due time Teddy falls in love with Pacific Ford, who happens to be the daughter of an extreme pacifist. When Teddy's courtship is refused in favor of a youthful pacifist, the vigorous youth vows that he is through with the fair sex for all time and takes to drink. On awakening the next morning he finds himself in jail with a pretty girl nursing a discolored optic, the cause for which he does not seem to be able to remember.

Someone's mania for placing bombs under Jersey ammunition plants and blowing them into the thin air disturbs the sheriff's peace of mind to the extent of promising the hand of his daughter to the person who can throw some light on the mystery.

As a last resort, Teddy impersonates the mysterious stranger who has been sending the munition plants skyward, from a description of the culprit which has been spread broadcast. He finally realizes his great ambition, but is given little time to rejoice over his success, for things take an abrupt and serious turn when he discovers that he has no means of proving that he is not the desperate criminal he is impersonating. Fate intervenes, however, at the last minute, just as Teddy is about to be lynched by the angry Jerseyites and not only does he go free, but through a strange coincidence, he catches the real criminal, thus winning the hand of his sweetheart.

One night only, Wednesday, April 10. Adults, 25c, plus 3c; children, 10c, plus 1c.

As an added attraction the Bray Pictograph and Ford Weekly. Second show starts at 9:10.

ANNIVERSARY MUSICALE WAS VERY SUCCESSFUL.

AT VALENTINE CONSERVATORY
SATURDAY.

The Anniversary Musicale given at the Valentine Conservatory of Music and Arts, at the conservatory, Sixteenth and Olive, Saturday afternoon from 2 till 5 o'clock, was a successful affair and well attended.

The pupils taking part in the program all deserve praise for the splendid progress being made.

Little Leah Chapin sang a presentation song, and placed a lily on the table beside the president's chair, and was herself rewarded by a plant from Mrs. Cunningham at the close of her song. Leah also played on the piano.

Mrs. Ed Manning acted as judge in calling for selections to be played by pupils at sight.

Little Beatrice Barnick, granddaughter of Mrs. Parks, whose father is a civil engineer and now building railroads for the government in Siberia, is a boarding pupil at the conservatory, and delighted the audience with a piano solo, "Moonlight Reverie;" a duet, with Miss Wulf accompanying the violin; also instrumental duets with Dorothy Grunwald and Mrs. Cunningham. Dorothy also gave a demonstration on touch and technique with fine finish, and a duet with teacher.

Merle Moore, Carrie Williams and Emily Wolf formed the beginners' course examination, and also had solos.

Margaret and Clifford Lockhart played a memorized duet "Just We Two."

Our universal favorite, Mildred Moore, gave several solos and two piano military duets with Mrs. Cunningham.

Miss Muryle Reed ably seconded in a selection, "Cavalry Charge," played with Mrs. Cunningham.

Mildred Manning took part in a well-played piano solo, and Miss Pauline Manning sang "Sing Me the Rosary;" also gave a piano number, "Sabbath Chimes."

Miss Gladys Bollon was encored repeatedly as she delighted those present with her beautifully performed selections. She also gave a duet with Mrs. Cunningham.

Miss Georgia Wulf, the latest addition to the Normal training department, favored those present with both piano and violin numbers.

Mrs. Cunningham at request played from "Il Trovatore."

The rooms were a bower of beautiful flowers, decorated by the pupils and assistant teachers, who also, with Mrs. Ada Moore's assistance, furnished refreshments to all present. Sickness prevented many of the pupils from being in attendance, but all united in praising Mrs. Cunningham and her co-workers for the first year's successful conservatory work in Huntington Beach.

Ladies who take pride in having clear, white clothes should use Red Cross Ball Blue. All good grocers.
